

The K-LOVE network, which broadcasts in Oklahoma City at 88.9 FM, is invaluable to our family. We are a Christian family who believes in solid values and wholesome entertainment. Each member of our family chooses to listen to Christian music because we enjoy the uplifting, hope-filled message without the sometimes offensive themes and lyrics in mainstream music. Plus, it's commercial free, which is wonderful! We also enjoy getting the news from a Christian perspective. If we were to lose our K-LOVE station, we would very likely stop listening to FM stations, as there is no acceptable alternative in our area. K-LOVE provides our family with a safe haven from off-color DJ's and improper messages. K-LOVE truly seeks to serve the public interest, and we don't know what we'd do without such a station! Thank you.
